- Frequency range 136-174MHz
- Radio Features Signalling Quick Call II, DTMF, limited MDC1200
- Channels 128
- User Environment Mil spec 810 C, 810 D, 810 E

Â Â Â
Efficient

- 14 Characters 1-line Alphanumeric Display makes it easy to read both text and icon display.
- 128-channel operating capacity allows individually programmed channels for enhanced communication efficiency.
- Voice compression and low level expansion technology ensures crisp, clear and strong audio quality.
- 4 customisable buttons allow one-touch easy access.

Flexible

- Two choices of signalling protocol: MDC1200 and Quick Call II.
- Programmable channel spacing of 12.5/ 20/ 25 kHz offers versatility and easy migration of operating frequency band.
- Remote mount control head can be mounted on the dashboard without the radio chassis, ideal for situations of space constraint.

Versatile

- Optional voice storage board allows recording and playback of messages for up to 120 seconds.
- Up to 16 pre-assigned text messages can be pre-programmed, allowing sending of frequently used messages quickly.
